INTERESSENSGEMEINSCHAFT DER ÖSTERREICHISCHEN LUFTFAHRTZULIEFERINDUSTRIE

To whom it may concern

Vienna, 25th February 2009 / rf

AAI – the Austrian Aeronautics Industries Group – is an endorser of the 3rd Shanghai Airshow in May 2009. Therefore we welcome interested companies from Austria to join in the 3rd Shanghai Airshow (Commercial Aircraft Manufacturing Summit), on the 27th and 28th of May 2009 at the Everbright Grand Hotel, Shanghai.

Surely this global summit is an interesting platform for governmental officials and industrial leaders to gain knowledge about newly updated industry policy and future development trends in the aeronautics industry. Also it will be a good occasion to learn about the progress of planned projects in the Asia Pacific region.

Therefore, and as an endorser of this event, AAI encourages the participation of Austrian companies.

Sincerely,

Franz Hrachowitz
General Secretary
