Overview

On May 28th-29th, 14th Annual Avionics International Forum was successfully held in Shanghai. The forum was hosted by Chinese Society of Aeronautics and Astronautics, Chinese Aeronautical Establishment, AVIC Airborne Systems Co., Ltd., guested by Shanghai Aircraft Airworthiness Certification Center of CAAC, supported by AVIC XAC Commercial Aircraft Co., Ltd., AVIC Zhuhai General Aviation R&D and Manufacturing Base, China Helicopter Research and Development Institute, organized by Shanghai Society of Aeronautics, AVIC Xi'an Aeronautics Computing Technique Research Institute, AVIC Xi'an Flight Automatic Control Research Institute, AVIC Leihua Electronic Technology Institute, AVIC Hefei Hangtai Electrophysics Co., Ltd., State Key Laboratory of Avionics Integration and Aviation System-of-Systems Synthesis, Key Laboratory of ATM Avionics Technology, CAAC, Aviation Key Laboratory of Science and Technology on AISSS, Aviation Key Laboratory of science and Technology on Airborne and Missileborne Computer, Technical Committee on Computation and Simulation, Chinese Society for Aeronautics and Astronautics, Hangzhou International Innovation Institute of Beihang University, Advanced Avionics Research Institute of ECNU, Galleon (Shanghai) Co., Ltd., co-organized by Zhuanqiao Town People's Government, Minhang District, Shanghai Society of Aeronautics, Shanghai Membership Workstation of CSAA.

Under the theme of “Innovation-driven Leads the High-quality Development of Avionics Industry” , the two-day forum featured 38 special presentations, attracting over 100 enterprises to participate. More than 600 professionals from Government officials, regulatory authorities, aircraft manufacturers, avionics system suppliers, leading companies in the low-altitude economy, research institutions, and universities come together to jointly promote the enhancement of technological capabilities in avionics industry.

Participants said that through this event, they further understood the current hot spots of avionics industry, met new partners and found new business opportunities. We hope to add to the development of China's avionics industry by building a platform for technical exchanges, strengthening the interaction between buyers and suppliers, actively solving the problems in the development of the industry through the collision of ideas, and helping the industry to develop steadily.

Testimonials

AVIC Xi'an Aeronautics Computing Technique Research Institute

The conference facilitated in-depth exchanges on multiple aspects including airworthiness, safety, and reliability, from which we gained tremendous insights.

Shanghai AVICAS Avionics Systems Co.Ltd

The conference was well-organized and serves as a crucial forum for professionals in the avionics industry.

Nanjing Guorui Defense System Co., Ltd.

The forum was systematically planned and comprehensively executed, closely focusing on the theme of avionics equipment with a clear emphasis.
